Noche de Paz

a student only benefit at speakspanish.com

This beautiful version of “Noche de Paz” (Silent Night) is sung by Santos (Santitos) Colón, who was born in Puerto Rico. He performed with Tito Puente’s Orchestra as well as with the once supremely successful, now defunct, Fania label. This is a beautiful traditional Christmas song that is just as revered in Latin America as in the English-speaking world. Practice it and bring a new dimension to your fiesta navideña.

To download the audio version with the exact lyrics below, go to the iTunes store and search exactly as follows: *Noche de Paz Santitos Colon*. Noche de paz, noche de amor,
Todo duerme en derredor

Bajo los astros que esparcen su luz
Viene anunciando al niño Jesús
Brilla la estrella de paz
Brilla la estrella de paz

(*coro*)

Noche de paz, noche de amor,
Todo duerme en derredor

Bajo los astros que esparcen su luz
Viene anunciando al niño Jesús
Brilla la estrella de paz
Brilla la estrella de paz
